Dear Wyldewood Village,

First, we would like to thank you for including us in the bidding process for Interior Pest Control Services. We also offer Rodent Monitoring, Termite Treatments, and Landscape services.

We value having a strong relationship with our clients and feel confident in the level of professionalism and care your community will receive. All team members have passed drug and background tests. They wear company uniforms and are trained to be respectful to all residents and to direct any concerns to the service manager.

Please reach out with any questions or concerns

Sincerely,
Ray King

Pest Control Kings

Pest Control Kings will provide Wyldewood Village with our patented 3 step process for interior pest control services on 4 buildings (52 total units).

First our certified technicians will treat around the exterior of 4 buildings quarterly (4 services per year). Our certified technicians will treat 3 feet up the side of the buildings and 3 feet away from the buildings on the ground.

Second our certified technicians will apply a granular ant and roach bait around the exterior of 4 buildings quarterly (4 times per year). This will head with big headed ants and American roaches.

Third our certified technicians will web wipe all garage doors and entry ways of the units for any webs or foreign debris that may have accumulated in between services on all 4 buildings quarterly (4 times per year)

All callbacks for interior pest control applications will be handled at no additional cost to the association or the residents.

The cost for this treatment will be \$468.00 quarterly for a total of \$1,872 per year.
